

High School Credit Courses (Summer & Partial Distance)

The Canadian Ecology Centre
Centre écologique du Canada

Experiential Learning and Living

Earn a full high school credit in our **2-week residential summer program** OR **Partial Distance credits** throughout the school year

Hands-on learning in a safe and experiential format. Great student to teacher ratios, with comfortable and modern cabin accommodations.

- Off-site field trips and guest speakers
- Hands-on and outdoor learning
- Overnight camping experience
- Flexible learning environments
- Outdoor activities and games
- Great food and great friends!

See the difference in *your* education
See the difference in *you*!
