

International Day for the Elimination of Racial Discrimination

*Celebrating Students Who Make a Difference  
2018*

*Kate Sherry*

*Widdifield Secondary School*

Kate's academic abilities have put her on the "Top Ten" list every semester of high school and has earned one of the top 3 averages since she entered Gr.9.

In the world of Athletics Kate's Northern Ontario Provincial Curling Team placed 1st at the Under 18 Canadian Championships and she has coached junior curlers both in our community and on our school teams. As a recreational and competitive soccer player she has volunteered to coach at various soccer camps, and was elected captain of the school soccer team. Kate is a natural, quiet leader who is capable of motivating teammates with her gentle, supportive, lead-by-example approach.

Kate finds time to do her part in making the world a better place for underprivileged children around the globe. She was involved with the Duke of Edinburgh Program, achieving the silver standard, by completing the required criteria in physical activity, community service, skills, and adventurous journey. She has participated in 2 volunteer trips to Costa Rica, helping build schools and storage buildings, handed out school supplies and basic necessities, and assisted in teaching the local children. In addition, at our school, she has co-lead "We Wildcats," a group who empowers youth to come together and create a better world by initiating positive social change.

In her church, Kate has committed to being a youth leader helping adults plan and organize various activities and retreats. She leads bible studies and does her part to guide other youth.

Kate is an energetic, bright, self-directed young lady who demonstrates several qualities representative of strong students and capable, compassionate leaders. A true "Student Who Makes a Difference."

*Congratulations on your success, Kate!*
