

West Ferris Intermediate Student Appointed to 2018-2019 Minister's Student Advisory Council

March 22, 2018 – The Near North District School Board is proud to announce that West Ferris Intermediate and Secondary School student, Madison Mattias, has been selected to serve as a member of the Ontario Minister of Education's 2018-2019 Student Advisory Council.

"I am excited to be granted this opportunity to represent students from all over Ontario. Working with my fellow student Advisory Council members to ensure students have a voice".

There were more than 400 applications this year. Students who serve on the Council will meet directly with Minister of Education Indira Naidoo-Harris throughout the year. Madison will provide insight and voice from the student perspective on engagement activities and will contribute ideas to making Ontario's publicly-funded education system even better.
