

# Staying Safe at School

A Social Story

I can stay safe and help keep everyone at school safe by remembering three important rules:

No Sharing,

Hands Off, and

Wash Hands

First,  
it is important that  
I don't share.

# No sharing food

# No sharing drinks

**No sharing anything  
I bring from home**

**Second,  
it is important to keep my  
hands off my face.**

**Hands off my eyes**

**Hands off my nose**

# Hands off my mouth

If I need to cough or sneeze, I do it in my elbow or in a tissue.

**The tissue goes in the  
garbage right away.**

**Finally,  
it is important to wash my  
hands often.**

**I will be washing my hands  
much more than I am used to.**

I wash my hands before  
and after activities.

I wash my hands before  
and after eating.

I wash my hands after  
coughing and sneezing.

I wash my hands after  
using the washroom.

Three important rules help  
keep everyone safe:

No Sharing,

Hands Off, and

Wash Hands
