

# PARENT NIGHT PRESENTATION

## Online Risks and Emerging Trends

*Join us for an online session from the Canadian Centre for Child Protection*

**Wednesday, November 18<sup>th</sup>**

**6:30 pm – 7:30 pm**

**Presented using Zoom**

During this session, the Canadian Centre for Child Protection will provide insights into concerning trends seen through operations of *Cybertip.ca* – Canada’s tipline to report the online sexual exploitation of children, and provide tips and resources for talking with children and youth about online safety.

Through developmentally appropriate methods for both children (ages 8-12) and youth (ages 13-17), parents will learn how to help their kids understand what to do when they see harmful content, and how to ‘flip’ conversations so that **kids feel supported, not scrutinized**. Parents can learn strategies for talking with their kids about these difficult topics with confidence and competence.
