**Dear Parents and Guardians,**

NNDSB wants to send a friendly reminder to everyone in our school communities about COVID-19 guidelines to be followed while under [Ontario's declared state of emergency](#).

Guidelines for expectations while on NNDSB property can be found [here](#).

While off school property, outside of instructional hours, provincial [restrictions](#) are in place.

Of significance to our staff and students is the requirement to wear masks and that up to five people may gather outdoors if physical distancing of two metres can be maintained.

Thank you.  
Near North District School Board
