Dear Parents and Guardians,

Beginning Feb. 10, all secondary students (Grade 9-12) will be required to confirm that they have completed a COVID-19 self-screening as part of the attendance process. A link has been placed on all our secondary school websites and on our [Near North DSB website](#). Secondary school students will access this [link](#) to complete their self-screening.

If students do not pass the COVID-19 self-screening they should remain at home. Homeroom teachers will confirm with students that their self-screening has been completed.

Thank you for your support.

Sincerely,
Near North District School Board
