**Dear Parents and Guardians,**

The North Bay Parry Sound District Health Unit released updated information today for clinic dates and times for youth to book their COVID-19 vaccines. Free transportation is now available.

Youth aged 12-17 are eligible to begin receiving their COVID-19 vaccine on June 14. Health Canada authorized the use of Pfizer-BioNTech for use by youth 12 and older.

Below are links and a brief description of the communication from the health unit.

[Email to Parents](#) – COVID-19 vaccine clinics for youth

[Youth messaging](#) – COVID-19 vaccine clinics for youth

Thank you for your support.

Sincerely,  
Near North District School Board
