Dear Parents and Guardians,

Near North District School Board (NNDSB) has been informed of a positive COVID-19 case involving a member of the Mapleridge Public School community.

NNDSB works closely with the health unit to provide information about staff and students for contact tracing (e.g. attendance records, class lists, contact information for parents, etc.). Anyone that has been identified as a high-risk exposure will receive a note with specific instructions to follow and will be contacted by public health.

As per standard protocol, the health unit has dismissed the affected cohort. The individual was last at school on Sept. 28 and NNDSB was only made aware this evening. At this time, the school will remain open to in-person learning and the health unit has not declared an outbreak.

The dismissed cohort will begin virtual learning tomorrow (Friday, Oct. 8) and return to in-person learning on Tuesday, Oct. 12.

Please note that NNDSB and the health unit are prohibited from sharing any details with the public that may identify individuals in accordance with the Personal Health Information Protection Act.

The [self-assessment tool](#) can be used to help determine if symptoms are consistent with COVID-19.

If symptoms of COVID-19 are present, it is important to immediately self-isolate and seek out a COVID-19 assessment and testing centre.

If you have any questions or concerns, please contact the North Bay Parry Sound District Health Unit at 1-844 478 1400.

NNDSB wishes the affected member a safe and speedy recovery.

Thank you,
Near North District School Board
