Dear Parents and Guardians,

Near North District School Board (NNDSB) has been informed of two presumptive cases of COVID-19 that involve individuals of the Woodland Public School community.

NNDSB works closely with the health unit to provide information about staff and students for contact tracing (e.g. attendance records, class lists, contact information for parents, etc.). Anyone that has been identified as a high-risk exposure will receive a note with specific instructions to follow and will be contacted by public health.

At this time, there are no positive COVID-19 cases at Woodland Public School, however, the North Bay Parry Sound District Health Unit, out of an abundance of caution has dismissed two classes to self-isolate.

The health unit has indicated, at this time, this is not an outbreak and the school will remain open to in-person learning on Monday.

The dismissed cohorts will begin virtual learning on Monday (Nov. 15) and return to in-person learning on Monday, Nov. 22.

Please note that NNDSB and the health unit are prohibited from sharing any details with the public that may identify individuals in accordance with the Personal Health Information Protection Act.

The [self-assessment tool](#) can be used to help determine if symptoms are consistent with COVID-19.

If symptoms of COVID-19 are present, it is important to immediately self-isolate and seek out a COVID-19 assessment and testing centre.

If you have any questions or concerns, please contact the North Bay Parry Sound District Health Unit at 1-844 478 1400.

Thank you,
Near North District School Board
