Dear Parents and Guardians,

Near North District School Board (NNDSB) has been informed of a positive COVID-19 case involving a member of the Vincent Massey Public School community.

NNDSB works closely with the North Bay Parry Sound District Health Unit (NBPSDHU) to provide information about staff and students for contact tracing (e.g. attendance records, class lists, contact information for parents, etc.). Anyone that has been identified as a high-risk exposure will receive a note with specific instructions to follow.

The health unit has determined one class to be affected. At this time, the health unit has not declared an outbreak.

All students and staff who do not receive guidance informational documents have been determined to have had a low-risk exposure to the case of COVID-19. Self-monitoring for symptoms is recommended. Self-isolation and testing are not required for low-risk exposures.

Please note that NNDSB and the health unit are prohibited from sharing any details with the public that may identify individuals in accordance with the Personal Health Information Protection Act.

The [self-assessment tool](#) can be used to help determine if symptoms are consistent with COVID-19.

If symptoms of COVID-19 are present, it is important to immediately self-isolate and seek out a COVID-19 assessment and testing centre.

If you have any questions or concerns, please contact the NBPSDHU at 1-844-478-1400.

NNDSB wishes the affected member a safe and speedy recovery.

Thank you,
Near North District School Board
